

**Aavvie**<sup>®</sup> Healthwear<sup>™</sup>  
for professionals<sup>™</sup>

Let's Start

We are a team of Engineers, who are committed to making a significant change in the Medical Apparel industry, the quality of such **Professional** products has been compromised in many parts of the world constituting a rise in **HAI** (Hospital Acquired Infections). Even the presumed medical sector of developed countries is also at risk as well, then you may suppose the case of underdeveloped nations.

We demand standardization of quality without the segregation of boundaries, yet as a team that understands this reprehensible conduct, **Aavvie® Healthwear™** has brought in a Manufacturing and medical supply system, where the products are made for **Professionals** up all over the world, embracing quality as our trademark.

# Custom Programme

*Customizing your product is easier than you thought; we'll do all the chores.  
Let you be from any part of the World, we are here to make it for you.*

Aavvie® Healthwear™ Custom Programme provides you an opportunity to choose and make what you exactly need. Unlike other manufacturers where the products are made considering general cause, Aavvie® gives priorities to individuals. We know that people differ from place to place, country to country, region to region. We plan to make products to match each ethnicity.

Often Health Professionals complain about fitting and discomfort while they don their apparels, we could circumvent this by having custom apparel for them.
